

NSSD 112 BEGINNING BAND

PODCAST PROJECT

BRAESIDE, LINCOLN, RAVINIA & RED OAK

I am very excited to announce that the Fifth Grade Beginning Bands at Braeside, Lincoln, Ravinia and Red Oak are going to produce a podcast. A podcast is a way of delivering audio recordings to your computer on a regular basis. Once you subscribe to it (don't worry – its free!) it will automatically update on your computer every time we make a new one.

These podcasts will take on two different formats.

- Some will be recordings of the large ensembles at different schools. In this case, no names will be used.
- In some cases, small groups will talk or perform. For these instances I would like to have permission to use **first names only** so that the students can take pride in the work they are doing.

You can visit our website by going to www.nssd112.org/yourschool and clicking on my link in the staff directory. There, you can learn more about the podcast, listen to a sample or subscribe:

Musically yours,
Evan Canel, Director

Please take a moment to fill out the form below and return it to me.

Student's Name: _____
(Please print)

___ Has permission to participate in the small group podcast project and to be identified by **first name only**.

___ Has permission to participate in the small group podcast project, but please do not use a real name.

___ May not participate in the small group podcast project.

Parent/Guardian Name: _____
(Please print)

Parent/Guardian Signature: _____
