The Vision for the Modern Learning Committee is to recommend actions for District 112 regarding the integration of technology, professional development, and the skills needed to ensure students are successful. This committee of students, parents, and educators has established a set of attributes that define an aspirational vision for each D112 student. These attributes include:

112 Graduates know where to find needed information and how to evaluate the source to ensure its accuracy and relevance.

112 Graduates possess the learning and innovation skills of creativity, critical thinking, communication, and collaboration.

112 Graduates possess the learning and innovation skills of creativity, critical thinking, communication, and collaboration.

112 Graduates are continuously curious as a lifelong learner, persevering through new and challenging information.

112 Graduates are continuously curious as a lifelong learner, persevering through new and challenging information.

112 Graduates understand the importance of their role as a positive and active citizens in local, national, and global societies and cultures.
