Please help the Highland Park High School Giants Hockey Team raise funds to support the wife and children of the late State Trooper and Army veteran Chris Lambert, a Highland Park Family. In January 2019, State Trooper Lambert was driving home in a snow storm at the end of his shift when he stopped on I-294 to assist an accident that had just taken place. While comforting the families involved he was fatally struck by a reckless driver who, despite Scott’s Law, did not slow down and move over when he saw officers on the side of the road.

U.S. Representative Brad Schneider, Illinois Secretary of State Jesse White along with other local officials will be on hand to support the Lambert Family and to promote awareness of Scott’s Law.

A Special Thanks to
